

Team MisStral – Press Release

October 2007

Back into the Team MisStral ... We are delighted to introduce you to our new helmswoman : Marie Papazian !

After sailing as the tactician with the team this last season, Marie fell in with succeeding to Delphine Casas as the skipper. She is currently an osteopathy student, and has been a performant young sailor in dinghy.

Team MisStral is now focusing on its next objectives : match race training in Marseille, International Women Match Racing events, fleet regattas like SNIM and Massilia.

Our ambitions remain the same : sailing with you at the highest level of Women Sailing
